

GUYANA HOMEHUB - FACT SHEET

What It Is

Guyana HomeHub is a professional real estate listing platform built specifically for the Guyanese market. It provides agents with modern tools to list and market properties, while giving buyers - especially those in the diaspora - a trusted, searchable database of available properties.

Key Facts

- Launched: January 7, 2026
- Agents Onboarded: 14
- Properties Listed: 23
- Website: www.guyanahomehub.com
- Cost to Buyers: Free

Platform Features

- Agent dashboard to manage all listings in one place (upload, edit, track status)
- Listing status tracking: available, rented, sold
- Professional property listings with photo galleries
- Mortgage calculator with real rates from Guyanese banks
- Search by region, price, property type
- Direct inquiry system connecting buyers to agents
- Currency conversion (GYD/USD)
- Mobile-friendly design

Target Audience

For Agents: Practicing real estate professionals in Guyana seeking modern tools to market properties and reach diaspora buyers.

For Buyers: Guyanese residents and diaspora members in the US, Canada, UK, and Caribbean looking to purchase property in Guyana.
